

Compatibility of Accessory Products With NEXGEN MAXTERRA® Products

Engineered for excellence, NEXGEN's MAXTERRA® MgO-based Building Products provide unparalleled performance, safety, and sustainability for residential and commercial projects. When installing the MAXTERRA® product lines, NEXGEN recommends using compatible accessory product manufacturer's installation instructions and guidelines.

For more information about the NEXGEN MAXTERRA products listed in this document, please visit www.nexgenbp.com/resources.

NEXGEN Building Products has identified or worked with the manufacturers of various products to provide this list of compatible products. Compatibility with MAXTERRA® products, or MgO in general, has been determined by the individual product manufacturers per their internal criteria and / or testing protocols.

For products not listed within this document, NEXGEN Building Products recommends that the manufacturer of that product be contacted for determination of compatibility or recommended field tests.

If you represent an accessory product manufacturing company and you would like to test MAXTERRA® products for compatibility, please call us at 727-620-3334, or send us an email at info@nexgenbp.com.
